How to buy your first Stock in COL Financial?

By lemuel@pinoyandmoney.com
1. Login to your **COL Financial** (colfinancial.com) account.
2. Click the “Trade” menu
3. Enter the details of your Order

**Transaction** – make sure to select the BUY

**Board** – every Stock has a minimum board lot (# of shares). Make sure to choose “MAIN” first. We will talk about ODDLOT some other time.

**Term** – choose the “DAY” first.

**Stock Code** – enter the code of the Company you want to invest in here.

**# of Shares** – make sure you meet the minimum board lot and if you select “MAIN” in the Board form.

**Price** – enter the current price of the stock here.
4. Enter Order JFC Example

Note: JFC has BoardLot 10 and the price that I put is based on the “Bid” table prices. Click the “Preview Order” once you are sure about your order!

www.pinoyandmoney.com
5. Finalize your order

Enter your **password** and click “**Place Buy Order**”. Make sure all the information are correct before you place the buy order!
Congratulations!

You can now start investing for your future!
